Here how it works:

- Players earn points on their Player's Club card.
- When achieving the determined number of points, the Player is allowed to choose a game piece.
- The game piece/car part they choose is documented in the Player tracking memos and marked off on their official game card.
- They then fill out the drawing info on the back of the game piece and deposit it in the drawing box.
- Game pieces can also be used for slow days, new Player's Club sign-up, hotel stays, etc. USE your imagination to fully use all aspects of your Casino!
- All Players that earn a chance to Win The Car will select a Key and try to unlock the Key Box.
